

Series 3000

- All Series 3000 door pulls are 304 Grade Stainless Steel
- Satin, polished and plated finishes available as well as pearwood, black walnut, and natural stone accents

Pull Handle Accessories:

- Cylindrical neoprene washer (2 pcs.)
- Allen wrench (sized as determined by each individual pull)
- Finishing buttons available for single-sided applications

Benefits of Series 3000 Door Pulls:

- Sleek contemporary look
- Minimalist designs
- Low-maintenance stainless steel
- Elegant material combination: stainless steel and wood; or stainless steel and stone.

Maintenance:

- Clean using soap and water or silicon-free stainless steel cleaner. Do not use abrasive agents or harsh chemicals. Provide plastic sheet protection for all surfaces of completed installations to prevent damage during remainder of construction activities.
